JAP SEAL RAIDERS CAPTURED AND SHOT

Five Japanese Killed on Island of St. Paul.

WERE CAUGHT WHILE AT WORK

Raid in Sealing Waters One of the Most Serious Since Fishing Laws Became Effective—Raiders Were Shot Dead.

New York, Aug. 9.—Further details of the killing of five Japanese raiders in the Pribiloff island is contained in a dispatch to a morning paper dated Dutch Harbor, Alaska, July 26, via Seward, Alaska, Aug. 7, which says:

"Five Japanese were shot and killed on the island of St. Paul of the Pribiloff group by order of the agent of the department of commerce and labor on July 17, as the result of a raid by four Japanese schooners on the seal rookeries.

The revenue cutter McCullough reached here Tuesday from St Paul with 12 prisoners, two seriously injured, who were turned over to Deputy Marshal Harmon.

Traders were discovered lying near Northeast Point, St. Paul, by native lookouts of the North American Commercial company, which leases the seal privileges from the government. Word was telephoned from the patrol station near the rookery for which the raiders were aiming, and special Officer Lempke, of the department of commerce, on duty in the Pribiloff islands, arrived on the spot as the Japanese reached shore. He ordered the boat crew to surrender, which they did. On climbing the promontory at the end of the cape overlooking one of the larger rookeries a schooner was seen close inshore. Looking straight down over the cliff, patrols saw a dozen or more Japs skinning a number of seal which had been slaughtered.

The raiders refused to surrender when Lempke reached the scene, and tried to make off with their booty in small boats, several of which were drawn up on shore. The agent then ordered his guard of natives to open fire. The Japanese offered no resistance, being without firearms.

Three of the raiders fell dead on the beach, a fourth was seen to be thrown overboard from one of the vessels that escaped and a fifth body drifted ashore later in another boat. The Japs had killed over 200 seals, many of them cows. Those who escaped carried away about 100 skins. The raid is believed to have been a concerted effort by the Japanese who have been hanging around the island for months and giving the revenue cutter much trouble.

The Tokwa Maru, a schooner, was overhauled by the cutter Perry on July 5, off the New Volcanic island, which rose near Bogosloff, 40 miles from here, last March. She was crowded with Japanese, but no seal skins were found aboard.

Suspicions of Captain Dunwoodie, of the Perry were aroused, and he preceded to the Probiloffs at once.

The McCullough reached the islands on July 20, and took charge of the prisoners.

Besides the Tokwa Maru, the schooner Bosso Maru is known to have been in the raid last autumn. Japanese were found fishing and trading with the natives on the island of Attu and were routed by the Perry.

The raid is the most serious that has occurred in the troubled history of the rookeries. The last attempt to rifle the island was made about ten years ago by a schooner flying the Mexican flag. She was intercepted by a cutter before carrying out her purpose.

The raid was supposed to have been planned by Alec McLean.

The prisoners left on July 25 on the monthly mail steamer for Valdez where the court of the second judicial district in which the seal island lies, sitting in August. The charge will probably be piracy. The department officials are very reticent about the affair.

Fireman Killed; Engineer Wounded.

Chattanooga, Aug. 9.—Passenger train No. 4, on the Cincinnati Southern, leaving here at 10:30 Tuesday night, collided with a freight train at Winfield, Ky., early Wednesday morning. The fireman on the passenger train was instantly killed, and the engineer will probably die. None of the passengers were injured. Passenger train No. 3, coming south, was delayed several hours.

Americans Kill Jap Fishermen.

Washington, Aug. 9.—A report of the killing of five Japanese fishermen and the capture of twelve Japanese prisoners on Attu island, the westernmost of the Aleutian group, the prisoners having been taken by the revenue cutter McCulloch, commanded by Captain J. C. Cantwell, was made to the department of commerce and labor by Edwin W. Sims, solicitor for the department, who is in Alaska to enforce the new law prohibiting all persons not citizens of the United States from fishing in Alaskan waters. The Japanese killed were shot by Americans on Attu island before the McCulloch arrived. International complications may result.

Stealing Ride, Men Are Killed.

Evergreen, Ala., Aug. 9.—F. R. Youree, of New Orleans, was killed and two negroes wounded, one probably fatally, in a fight Tuesday morning between a crowd of men beating their way on a Louisville and Nashville freight train, and Marshal Kitchen and a posse of Evergreen citizens. The marshal and his posse attempted to arrest the men, and shots were exchanged. Before expiring Youree said his uncle, P. Youree, is a wealthy citizen of Shreveport, La.

Mistook Brother for a Burglar.

Pensacola, Fla., Aug. 9.—Mistaking his brother in law for a burglar, J. E. Elliott shot and perhaps mortally wounded Robert Powell, at Milton, Fla. Elliott's home had recently been burglarized and he thought another attempt was being made when he heard his brother in law, who boarded with him, raising a window to get into the house at an early hour. He secured his revolver and getting near the window, fired without investigation.

Heat Kills Ten Persons.

Philadelphia, Aug. 9.—Up to a late hour Tuesday night ten deaths due to the excessive heat of the last few days were reported by the Philadelphia police to the coroner. More than two score of cases of prostration were taken care of by the various hospitals. The maximum temperature recorded Tuesday was 90 degrees at 2:30 p. m., which is 4 degrees lower than the preceding day's maximum.

Threaten to Burn Negro.

New Orleans, Aug. 9.—Specials from Gulfport say that groups of angry men Tuesday met on several street corners and openly made threats of storming the jail to secure and burn the negro who is accused of having made an assault upon Alice Dement, a small girl, of North Gulfport. The child's grandmother drove the negro away, and he was shortly afterwards captured.

Sol Raburn Takes His Life.

Wrenn, Ga., Aug. 9.—Sol Raburn, a prominent citizen of Spread, Ga., shot himself about 9 o'clock Monday night and died Tuesday morning at 6 a. m. Raburn was a highly respected citizen. He was in some way connected in the insurance business with C. L. Joiner, who was recently arrested on the charge of forging several notes in Jefferson and Glascock counties.

Boll Weevil Is Found in Alabama.

Ozark, Ala., Aug. 9.—Alonzo Dean, who has lived in the boll weevil district of Texas for 6 years, says boll weevil now infests cotton on Alex Dean's place, near Ozark. He is familiar with the habits of the insect, being both a farmer and merchant in Montgomery county, Texas, and is emphatic in his statement.

Terrorists Rob Postoffice.

Warsaw, Aug. 9.—The Terrorists are continually attacking and robbing postoffices, government spirit shops and the mails. The governor-general has ordered that henceforth the villages, cities or communities in or near which such robberies occur shall pay the losses incurred.

MATTINGLY BOND BILL KILLED IN THE HOUSE

Old State Debt Repudiated by Vote of 84 to 66.

TWO TAX BILLS ARE LOST

There Was Considerable Discussion Over Certain Items Presented in the Deficiency Appropriation Bill Tuesday Afternoon—Boost for Tech.

Atlanta, Aug. 9.—The main features of the house session Tuesday were the additional appropriations to state institutions and the emphatic disapproval of the house of the bill to pay the Mattingly bonds, given as part payment of certain arms purchased from the Sharpe Rifle company, of Hartford Conn., by the late Governor Joseph E. Brown, Nov. 14, 1860.

This was the fourth demnad the holders of these bonds have made upon the state for their payment, and each time heretofore the claim did not get to the house for a vote until Tuesday, when the bill was killed—84 to 66. Once before, however, the legislature refused to give its permission to the holders to sue the state in the Fulton county courts, the assent of the state being necessary to such a suit.

At the afternoon session the house passed a deficiency appropriation bill, including $27,500 for a new dormitory at the Girls' Normal and Industrial college at Milledgeville. It also appropriated $17,500 to increase the campus at the Technological institute, and $10,000 additional for sustenance of the institution in 1907.

Chairman W. H. Davis of the appropriations committee, after this amount had been passed up, stated that the Tech was one of the few state institutions that lived within its appropriations, and hence they were very glad to give them this additional sum to meet their needs for next year.

The action of the house in turning down the bill for the payment of the Mattingly bonds makes the fourth time in its history the lower house of the general assembly of Georgia has refused the payment of these bonds.

Representative Joe Hill Hall's bill providing for a state board of tax assessors and that of Senator Candler for creation of a board of tax assessors in each county of the state, were both lost in the senate. The vote on the former was, ayes 19, nays 22; of the latter, ayes 16, nays 25.

Growing out of remarks made upon the floor of the house Tuesday by Mr. Whitley, of Douglas, Solicitor C. D. Hill, of the criminal superior court of Fulton county, and Mr. Whitley had a fight in the hall of the house of representatives Wednesday morning about 10 o'clock.

The encounter took place just inside the door of the hall and the two men fought from there quite a distance down the aisle until they were separated by friends. Neither of the gentlemen was seriously hurt.

The fight started amid great confusion, but it is understood to have grown out of Mr. Whitley's charges on the floor of the house Tuesday that there had been lobbying in favor of the bill to pay the Mattingly bonds. Benjamin H. Hill, Solicitor Hill's brother, is one of the attorneys for the estate of George Mattingly that holds the bonds, and it is presumed that Mr. Hill resented the remarks of Mr. Whitley.

The fight caused considerable excitement for a few minutes in the house, but the men were quickly separated and quiet restored.

Husband Puts Wife To Death.

Birmingham, Ala., Aug. 9.—A special from Huntsville, says that Mrs. George Palmer was fatally shot by her husband after they had had a family quarrel. The woman ran out of her house into the street, followed by Palmer, who shot her down with a shotgun. Palmer is in jail.

Gov. elk on Wrecked Train.

Armour, Mo., Aug. 9.—A Missouri Pacific train on which Governor Folk was a passenger, was in a collision here Wednesday, but the governor escaped uninjured.

TOOK PLUNGE FROM SKY.

Balloonist Falls 1,000 Feet Through Dizzy Space in Sight of Many.

Utica, N. Y., Aug. 9.—William Johnson, a balloonist made an ascension in connection with a street fair in Little Falls. In coming down with a parachute the apparatus failed to work, and Johnson fell upon the railroad tracks receiving injuries which will cause his death.

Johnson went up to a great height, and it is estimated he was 3,000 feet high when he left the balloon to make what is called a double parachute descent. The first parachute opened well, and Johnson descended about two-thirds of the distance. Then he attempted to open the second parachute, and descened the remainder of the distance with that, discarding the first parachute.

As he grasped the handle of the second one the strings broke, causing it to collapse. Johnson shot downward rapidly, and the thousands who were watching him were horror-stricken. He attempted to guide his descent so he would strike the wires running along the railway which climbs the cliff. He partially succeeded in this, but he went through the wires and fell to the bottom of the cliff, striking upon the railroad tracks a hundred feet below. His spine was fractured at the base of the brain.

MRS. RUSSEL SAGE,

Who Is Now the Wealthiest Woman in the World.

Negroes Make Daring Escape.

Valdosta, Ga., Aug. 9.—A special from Milltown says that the two negro convicts, Rob Henderson and Peter Williams, made their escape from the convict camps on Wednesday by boarding an engine that was standing just ouside of the guard lines, and opening the throttle the engine darted along the track towards Taylor, and when four or five miles away the convicts stopped it and dismounted. Reversing the engine they sent it back to Milltown at the rate of 40 miles an hour. A switch was thrown open and the engine was stopped by a collision with some empty cars. A posses left immediately in pursuit of the fugitives. Track dogs were secured from Valdosta, but they have failed to capture the prisoners. Henderson was in for life and Williams had a sentence of twenty years to serve.

Will Czar Abdicate?

New York, Aug. 9.—A cable to the American from Viena says that it is rumored that it is the czar's intention to abdicate. The re-circulation of this report is ascribed to the reactionary counsellors violently opposing Premier Stolypin's reform scheme which the czar supports. The yarn adds that the czar will appoint Vladimar and Nicholaievitch as corregents.

MANY LIVES LOST IN TEXAS FLOOD

Death and Desolation Dealt by Colorado River.

RAGING STREAM MILES WIDE

Fatality List Is Hourly Increasing. Whole Families Perish in Sight of Men Who Are Powerless to Rescue Them—Bodies Recovered.

Fort Worth, Tex., Aug. 9.—Ten lives were lost, 10,000 cattle killed, property worth millions destroyed, and thousands of persons rendered homeless as the result of a flood in south Texas Tuesday when the Colorado river was forced out of its banks by heavy rains.

The death list is growing hourly, and it is believed the worst disaster since the Galveston flood visited Texas. Relief trains are cut off, telegraph and telephone wires are down, and the fate of the inhabitants of several isolated towns is unknown.

The flood came without warning, and inhabitants at San Antonio and Ballinger were forced to flee for safety in their night clothing. An entire family at Ballinger named Cook were drowned as they attempted to leave their houses on an improvised raft which struck an obstruction.

The Colorado river is from four to six miles wide in places and the tributaries south are out of their banks. Two thousand cattle were killed. The Santa Fe track bridges were washed out and traffic is at a standstill.

Persons made homeless sought refuge in churches. Provisions and clothing were rushed to the scene.

Brownwood, Tex., Aug. 9.—Five hundred people are homeless as the result of a flood here. The water was standing at the high water mark of 1900. A strip thirty miles long and from two to four miles wide is covered with from three to ten feet of water. Railway tracks have been washed out for miles and a pile driver sent out with 200 laborers was unable to proceed further than here. Telegraph and telephone wires are down and many lives are reported lost.

Fort Worth, Tex., Aug. 9.—Twelve inches of rain fell all over south Texas, causing all rivers to overflow their banks. Relief trains were rushed out, but were unable to reach their destinations. Rescue parties in boats are going from house to house taking people from second stories, carrying them to safety and removing the dead to the morgues.

Heartrending scenes were witnessed in towns where lost children were hunting parents. It is estimated that 200 miles of track was washed out. The death list increases hourly.

Asks $299,980 for Services.

Pittsburg, Aug. 9.—Dr. C. C. Hendricks, of Atlantic City, entered suit in the county court here against Mrs. Laura Bigger Bennett, widow of Henry M. Bennett, a former theatrical manager of Brooklyn and Pittsburg, claiming $299,980 for professional services. Dr. Hendricks alleged that he attended Mrs. Bennett in his private sanitarium in New Jersey for two years, and that he was only paid $20 during that time.

Singing Convention Called.

Newbern, Ga., Aug. 9.—The Jasper county singing convention will be held in Newbern Thursday and Friday, Aug. 9 and 10. Invitations have been extended to the singers of a dozen counties in this section, and it is expected that Newbern will be overrun with visitors on this occasion. The convention is composed of some of the best singing talent in the state. G. M. Mitchell, one of Newbern's leading citizens, is a prominent member of the association.

Sheet Metal Workers in Session.

Indianapolis, Ind., Aug. 9.—The [illegible] sheet metal workers' association opened its annual session here Wednesday. Three hundred delegates, representing [illegible] members, are in attendance.

HIGH SCHOOL FACULTY WILL BE GOOD ONE

Prof. Tom McBeath Will Be Principal For Next Year.

WILL MAKE GOOD SCHOOL

Wants Gainesville to Record High Average For State University, and Will Work Faithfully to That End—Three Members Yet to Accept.

A partial appointment of the faculty of the High School has been made by the school board of Alachua county at its last meeting, which is as follows:

Tom F. McBeath, principal; Mrs. A. M. Cawthoon of DeFuniak Springs; Miss Annie DaCosta of Gainesville; Miss Mary E. Trotler of Staunton, Va.; Mrs. W. P. Coffey, Misses Cylia Kennedy, Florence Balis, Mabel Sanchez and Serena Shannon, all of Gainesville.

There will be three more teachers appointed—in fact, they have been appointed, but the contracts properly signed have not been received by the county superintendent, Dr. J. L. Kelley, hence their names will be withheld until their formal acceptance by signing of the contract.

Prof. McBeath, who is well known throughout the entire country as an educator of ability, manifests a great interest in the University High School, because of the fact that he considers this institution especially a preparatory school for the students who apply for admittance to the University of Florida, which is located here. "I want to see Gainesville hold up more in proportion than any other section of Florida," he said, "and to this end we propose to work. We have secured a fine and competent corps of teachers, and propose to make the University High School term the most successful in the history of the institution."

GEO. J. ARNOW.

In addition to the extensive biography of Geo. J. Arnow which appeared in Thursday's Sun, a friend would add a faint tribute to his memory.

He was married to Miss Esther Lamb of Brunswick, Ga., on May 17th, 1843. They were the parents of thirteen children, three of whom died in early childhood. Mr. Arnow died May 17, 1881, and to the motherless children thus left him he was truly father and mother all the rest of his life. He had the unspeakable sorrow of seeing them grow up to beautiful maturity and then pass away before him, until only four remain to weep beside his grave. Nine grandchildren and five great-grandchildren survive to revere his memory. Though eighty-one years of age his wonderful strength and vitality astonished all who knew him.

He was always a man of independent and vigorous thought, who accepted only the Word of God as his guide and his own conviction of duty as his standard and the walk of the humble Nazarene as his example.

A Confederate soldier during the whole war, as a true son of Florida he served her with credit and distinction. Afterwards, when his honest conviction allied him with the Republican party he ever retained the confidence and respect of the Democrats even through the darkest days of reconstruction. More than once when the affairs of the postoffice seemed hopelessly entangled he was called, Cincinnatus-like, from private life to take charge, so great was the recognition of his business sagacity and personal integrity. While his public life was most worthy and known to all, his devotion to his children was the dominant chord of his whole being, and only they and a few intimate friends knew of his faithful Christian leading in his own home.

He has left his children, his grandchildren and great-grandchildren the priceless legacy of an honorable life, glorified to them by the memory of his tender love.

Many friends accompanied the funeral train from Gainesville, and many others were at the cemetery at Micanopy. Numerous and beautiful floral tributes and telegrams of sympathy were arriving at the residence all the morning. Noticeable among these was a large pillow of white rosebuds, myrtle and tube-roses, bearing the card, "Sympathy from the carriers."

A touching incident of the funeral service was the singing of his favorite hymn, which had often given him comfort in the days of his sorrow:

"Jesus, I my cross have taken,
All to leave and follow Thee,
Naked, poor, despised, forsaken,
Thou from hence mine all shall be.

"Perish every fond ambition,
All I've sought or hoped or known,
Yet how rich is my condition,
God and heaven are still my own.

"Let the world forsake and leave me,
They have left my Saviour, too;
Human hearts and looks deceive me—
Thou are not like them untrue.

"Oh, while Thou dost smile upon me,
God of wisdom, love and might;
Foes may hate and friends disown me,
Show Thy face and all is bright."

A truly good man has gone to his glorious reward. Blessed be his memory.

Barbourville, Ky., Aug. 9.—The grand jury has reported indictments against Fitzgerald and Hinson and wife for the murder of Mrs. Broughton. The trial will begin Thursday.

Reading One's Own Obituary.

The Rev. S. Baring Gould, the English writer, is by no means the first man in England to read his own obituary. When G. B. Burgin had a similar experience two years ago he could not resist the temptation to follow Mark Twain's famous example by declaring that "the rumor of my death is greatly exaggerated." Dr. Venn, Caius college, Cambridge, finding his death recorded in "Modern English Biography," in 1892, wrote to the Athenaeum, "I am not disputing the fact." The first Lord Brougham circulated himself the false rumor to see what the newspapers would say about him. It is related that they did not give him the pleasure he expected. Mr. Roche, member of parliament for East Galway, possesses a photograph of a tablet marking the place of his burial in America. Two years ago the Rev. Prebendary Hobson was present at a meeting to hear that his check had been returned canceled owing to his death.

Dean Shaler.

Few men at Harvard have had more influence with the students there than Dean Nathaniel S. Shaler, geologist, of the Lawrence Scientific school, who died recently. Some years ago an irreverent volume of skits of college professors was published by some undergraduates and entitled "Harvard Celebrities." This is what it had to say of him:

This is Shaler,
Fairy taler,
Scientific mountain scaler,
Penetrator
Of each crater
From the poles to the equator,
Tamer of the hurricane,
Prophet of the wind and rain,
Hypnotizer
Of the geyser,
Wizard of the frozen plain.
Hark! What is that deep and subterranean roar
Arising near Memorial and reaching out to Gore?
'Tis the rumble of applause
When the speaker makes a pause
In relating an adventure from his fund of earthquake lore.

G. & G. NOW CUTTING RIGHT-OF-WAY

Large Force of Workmen Engaged in Opening Way for Extension.

TWO MILES ARE NOW CUT.

It is Rumored That Three Gangs Will be Employed, and That the Forests Will be Slashed as Hay Before the Mower's Rake.

Superintendent J. B. Cutler of the Gainesville and Gulf railroad has returned from Fairfield and other points on the Gainesville and Gulf proposed extension south to Tampa.

Mr. Cutler states that the cutting of the right-of-way from Fairfield has begun in earnest, and about two miles have so far been cleared. A full force is at work, and the cutting of right-of-way will be pushed vigorously until completed.

The new officials of the Gainesville and Gulf are in earnest, and propose to push the completion of the road to Tampa as rapidly as possible. It is rumored that three forces will be put to work along the line, and will work simultaneously.

A few days ago, at the last meeting of the board of directors, a committee from the Ocala board of trade, representing the best element of the Brick City, appeared before the directors, asking in the name of the board they represented that the main line of the Gainesville and Gulf be extended through that city, instead of several miles to the westward, as had been surveyed. The arguments and addresses of the members of the committee were recognized with interest, with the promise that the board of trade would hear from the board of directors at a later date, as this matter must be conservatively considered.

It is the desire of the people of Gainesville that the Gainesville and Gulf main line be built through Ocala, as it would put these two cities in closer touch.

Children in Pain

Never cry as do children who are suffering from hunger. Such is the cause of all babies who cry and are treated for sickness, when they really are suffering from hunger. This is caused from their food not being assimilated but devoured by worms. A few doses of White's Cream Vermifuge will cause them to cease crying and begin to thrive at once. Give it a trial. PLANS FOR BUILDING WILL SOON BE MADE

Committee on Elk Building and Club House Busily Engaged.

PLANS TO BE PREPARED

By Architect W. A. Edwards of Columbia, S. C., One of the Most Competent Architects in the Country—Work Will Begin in Short Time.

The committee on building of Gainesville Lodge No. 999, B. P. O. E., who have the matter of altering the handsome Turner home, corner West Liberty and Pleasant streets, so as to meet the demands of a club house, are making fine progress in the matter of bringing things to a "focus." The committee has been very progressive and ambitious, as is evidenced by the work that they have already accomplished in making sale of the Elk lot on East Main street, and purchasing the elegant Turner property, which for so long has been sought by investors, but which they have never been enabled to purchase at any reasonable price, because of the fact that the owner "did not need the money," and realizing that it was one of the best pieces of property in the city, did not want to sell. This committee, however, through a friend of the Elk local lodge, worked the matter, with the result that the lot, with its elegant home, was secured.

The committee on building, which is the same committee through whom the property was purchased, have requested Architect W. A. Edwards of Columbia, S. C., the architect for the University of Florida buildings, to prepare plans and specifications for alteration of the Turner home, so that the building would be appropriate for club and lodge purposes. Mr. Edwards thoroughly understands the situation, and as soon as he prepared the plans they will be submitted to Gainesville lodge for consideration and approval.

BLAIR—RICHARDSON.

Jacksonville Man Wins a Fair Ocala Bride.

Ocala, Aug. 7.—At 5 o'clock Monday afternoon at the office of Judge Joseph Bell, Miss Alice Mary Richardson of this city was quietly married to Mr. James A. Blair of Jacksonville. The ceremony was performed by Judge Bell, the only other witness being Miss Eula Moore, an intimate friend of the girlish bride.

The news of their marriage was a great surprise to their friends and also to the family of Miss Richardson. It was known by them that they would be married some time in the future, but their sudden change of plans was not known until after the marriage. They started out for a walk in the afternoon and then decided to go up town and be wedded at once.

Mrs. Blair is the eldest daughter of Mrs. Sue G. Richardson, and was graduated from the Ocala high school in May. She is quite young, pretty and attractive and was a general favorite with her school friends and teachers, and with all others who had the pleasure of her acquaintance.

Mr. Blair is a successful young lumberman of the metropolis, being associated in business with his father. He is a pleasant and cultured young man and has the sincere congratulations of his friends in the charming bride that he has won.

Taken to Calhoun County.

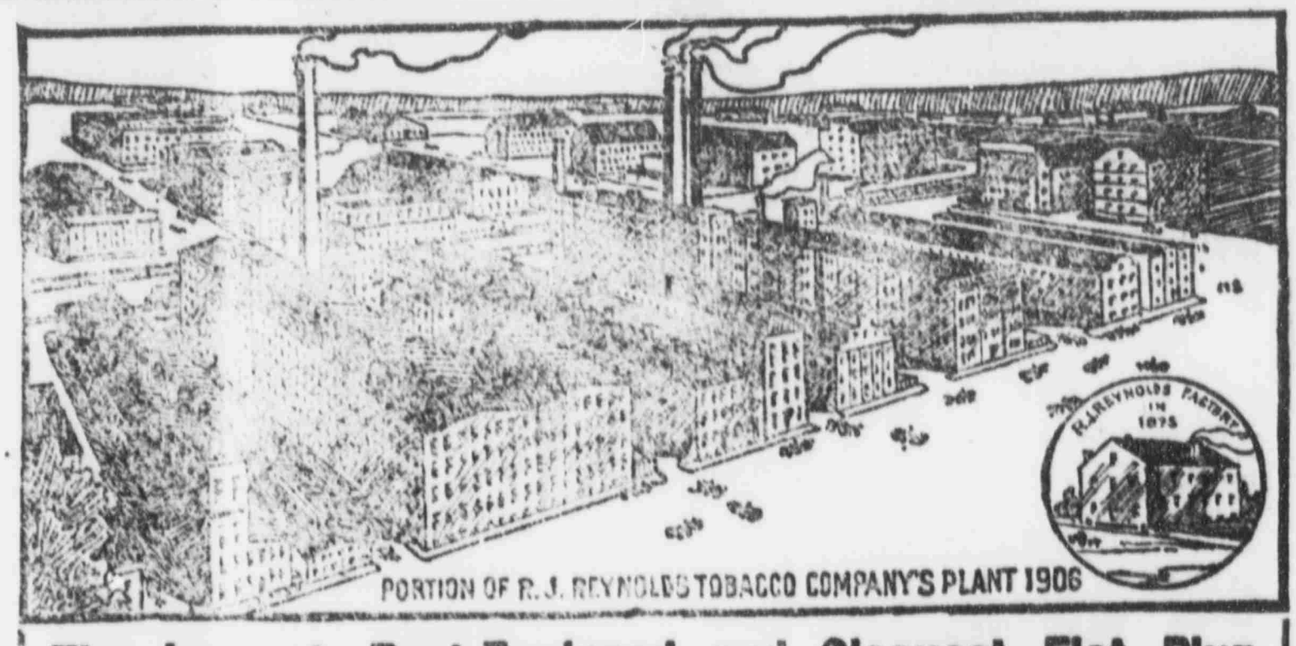
Sheriff James Alexander of Blountstown, Calhoun county, arrived in the city Wednesday for the purpose of taking into custody George Thomas, a negro wanted for horse-stealing in that county.

Thomas, who had been serving a sentence for larceny committed in this section, was arrested immediately after his release from the prison upon a warrant issued from the authorities of Calhoun county.

Sheriff Alexander left with his prisoner on Wednesday afternoon.

Cured Hay Fever and Summer Cold.

A. J. Nusbaum, Batesville, Indiana, writes: "Last year I suffered for three months with a summer cold so distressing that it interfered with my business. I had many of the symptoms of hay fever, and a doctor's prescription did not reach my case, and I took several medicines which seemed to only aggravate my case. Fortunately I insisted upon having Foley's Honey and Tar and it quickly cured me. My wife has since used Foley's Honey and Tar with the same success." J. W. McCollum & Co.



PORTION OF R. J. REYNOLDS TOBACCO COMPANY'S PLANT 1906

The Largest, Best-Equipped and Cleanest Flat Plug Tobacco Manufacturing Plant In the World

The Reynolds factories, equipped with every modern appliance for producing the best chewing tobacco by a clean, sanitary and healthful process, under the direction of men who have made the business a life study, are located in the centre of the Piedmont tobacco belt, known to the world as the best productive soil for tobacco with an aroma so delightful, pleasing and appetizing that it created and popularized the fondness for chewing tobacco.

Only choice selections of this well-matured, thoroughly cured leaf are used in SCHNAPPS and others of the high-grade Reynolds brands, and expert tests prove that this tobacco requires and takes a smaller amount of sweetening than any other kind, and has a wholesome, stimulating and satisfying effect on chewers.

SCHNAPPS is the brand that made the Reynolds factories famous as the manufacturers of the best and most popular brands of chewing tobacco, and made necessary the enormous growth from a small factory in 1875 to the largest flat-plug factory in the world. The men who started the Reynolds Co., in 1875, are directing it to-day. There are a greater number of manufacturers making imitations claimed to be just as good as SCHNAPPS than any commodity manufactured; yet there are more pounds of SCHNAPPS chewed than the total amount of all imitative brands, or tobacco of similar appearance.

THE BREAKERS

THE BREAKERS is second to none in location and beach attractions. It is the ideal hotel for summer tourists. Situated upon a high bluff overlooking the ocean, and less than two hundred feet from the rolling surf, it combines the benefits of an ocean voyage with the pleasures of a shore resort. The rooms are large all outside, en suite and single with baths, and thoroughly screened. The dining-room is on the ocean side and one of the most attractive rooms of the hotel. Electric lighting, telephone service and immediate connection with an up-to-date livery.

Bus will meet all trains.

In addition to The Breakers it has been possible to add the use of the Clarendon bath houses, bowling alley, pool tables, dancing pavilion and the famous Clarendon fishing pier. The table will maintain the high standard to which Mr. Holt pledges himself, wherever he assumes the management.

The remarkable record for healthfulness, especially for children, is a well established feature.

The proof of all is to join with the many who are booking for the season.

Some great and benign correspondence school should put a love letter on the market that would do the work and yet when it got around to the divorce court, would not sound as though the human race were still in the monkey race of development.

The lynching season is now at its height in several States. Lynching cannot be too strongly condemned, but just so long as murders and outrages are committed and the courts are slow in meting out justice to the guilty, just so long will an outraged people take the law into their own hands.

The Supreme Court of New York has decided that the anti "sweat shop" law is unconstitutional in so far as it relates to the number of women and hours to be employed in a factory. The decision is to the effect that no law can abridge the right of a person who is his or her legal representative to contract for the performance of labor for any number of hours agreeable to employer and employe.

The Morning Graphic, published in Greensburg, Indiana, is edited and printed by seven young women. J. W. Rucker owns the paper, but he sticks pretty closely to the business end, leaving the girls to gather the news and run the composing room. Miss Daisy McLaughlin is city editor, Edna Taylor covers the important local stories and Miss Lizzie Shafer sets most of the display advertisements.

The action of the pardoning board in commuting the sentence of Caldwell and Larkins, who had been sentenced to be hung for the murder of Mr. Eppes at Tallahassee, to life imprisonment, has caused considerable indignation in Leon county. Edwards, one of the negroes convicted of the murder, was executed several months ago and stated just before his death that he alone was guilty, and that Caldwell and Larkins were innocent. The murder was one of the most dastardly crimes ever committed in Leon county.

Written especially for Gainesville Daily Sun

Though the struggling tides of life seem aimless in their course, yet they are eddies of a mighty stream that rolls to an appointed end.

What will you be? What goal will you reach twenty years hence? Or, sadder still—will your life end in the tragedy of a misguided genius?

You can't judge the worth of a diamond by its rough exterior. The Indians of the lovely Pacific toyed with nuggets that made multi-millionaires.

Two sons are born of a devoted mother. It's so strange that from this same cradle one starts toward lone darkness and a frozen tide; the other, toward the peaceful seas!

It has come to pass that thought and action are nothing until they show an earning capacity. To this Rome all roads must lead. But to build that Rome means dissolution and oblivion. There is yet something above the price of rubies.

Age softens the heart and transmutes everything into neglect. One finds himself longing for the touch of a vanished hand. Let's love these lingering spirits more. We shall some day reach their estate. Some day we, ourselves, are going to sit in a twilight that's full of dreams and longings.

Jesse Cain, colored, was convicted in the Columbia county circuit court in 1895 of the murder of a negro woman and sentenced to be hung. On the day set for his execution, however, he escaped and for twelve years was at large, during which time he had resided in South Carolina, lead a sober, peaceable life, married, raised a family and accumulated considerable property. Jesse finally "talked too much," though, and was arrested and taken back to Columbia county. A petition was presented to the State Pardoning Board at its recent session asking clemency in his case, and after hearing the evidence and petition of citizens of Columbia county and South Carolina, his sentence was commuted to five years' imprisonment.

The killing of W. C. Sellars last Monday night at High Springs was one of the most cold-blooded murders ever committed in the State, and no expense should be spared to ferret out the guilty party. Mr. Sellars was in Gainesville the same day he was killed, being en route to High Springs to assume his duties as a detective for the A. C. L., and the officers are at a loss to understand why he should have been singled out from the other detectives for the assassin's bullet. He was for a number of years chief of the mounted police of Tampa, having, it is said, lost that position recently on account of supporting Mayor Frecker's unsuccessful opponent, Mr. Bowyer.

The city council of Birmingham, England, has increased the number of women health inspectors from four to twenty, because of the excellent results achieved in the homes of the poor and in the factories. In the same city the policemen have been taught the principles of "first aid."

The Sun recognizes the "fine hand," able brain and dexterous pen of Col. Calhoun in the editorials now appearing in The Tampa Times. As an editorial writer he is without a superior in the State of Florida.

Deafness Cannot be Cured

By local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucus lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound, or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucus surfaces.

We will give One Hundred Dollars for any case of deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

Gas in Nottingham, England, is 60 cents per 1,000 feet and at Widnes, in Lancashire, with a population of only about 30,000, it is 30 cents, and large consumers will pay from 22 to 26 cents. This is undoubtedly the cheapest gas in the world, but the profit on the gas works to the municipality that owns them was $22,887.15. This information is official and is reported by our Consul, F. W. Mahin, to the State Department. What must most of our gas companies be making that charge from 90 cents to $2 25 per 1,000 feet?

When a woman whose husband works on the railroad in New Zealand learns that her husband has been killed, if she has five children she knows that she will receive from the government at once a pension of four hundred and fifty-five a year—one hundred and thirty dollars on her own account and three hundred and twenty-five dollars on account of her children. There isn't anybody trying to cheat her out of this. There isn't anybody who could make a profit by cheating her out of it.

The woman who sent her little boy to the drug store to exchange a second-hand porous plaster for a toothbrush is no worse than the one who pays back a cup of borrowed sugar with a cup of salt.

Because the boss did not treat them "like a lady," 1,000 girl necktie makers went on a big strike in New York City, completely destroying the industry and throwing themselves out of employment.

It is said that a woman's tears will bring a man to his knees without fail. Out West, among the female cattle raisers, it also happens that a woman's steers produce similar prostrations.

Grapes have yielded very heavily in the vicinity of Ocala this season.

Orange buyers are already at Bartow looking up the crop. They look for an average yield.

Jake Elliott, a prominent young man of Milton, was accidentally shot by his brother-in-law, Rob Powell, early Tuesday morning.

A movement is on foot whereby Miami is to have a horse-racing track three-quarters of a mile in length and sixty feet in width.

Dade county commissioners will sue Converse Bridge Co for cost in replacing Fort Lauderdale bridge, which was washed away by the strong current.

The dismembered body of Aiken Boynton was discovered Sunday morning on the railway track near Holy Ranch, the man having been run over by a train.

A shortage in the quail is reported from many sections. It is said the spring rains came on when the quail and turkey were nesting and they were drowned out.

Wauchula wants to organize a company to operate an ice factory and a steam laundry. The people of that town send out $400 per month for these two things alone.

The street and sewerage bond election of West Palm Beach resulted in the approval of the city council's proposition, the measure having carried with one vote to spare.

J. W. Linton shot and instantly killed Simpson Mason at Bluff Springs Sunday night about 8 o'clock. Linton is now in jail in Pensacola, held upon the charge of murder, while the remains of Mason are at rest at Mount Pleasant cemetery near Bluff Springs.

Three negro men employed as laborers on the Florida East Coast Railway Key West extension, were seriously injured as the result of a dynamite explosion about 12 o'clock Sunday night. Every assistance was rendered at the scene of the accident and later the injured were sent to the hospital at Miami.

Hon. John Garey Reardon of Ocala died in Milledgeville, Ga., Monday night. The deceased was a native of Ocala, being the first white child born in Ocala. He was many times mayor of the city, always discharging his duties uprightly and faithfully. He was a brave man, a true friend and a loyal citizen.

The Woodmen of the World of the Ocala and Martel camps will next Sunday dedicate the monument recently erected by that order to the memory of Dr. W. E. Armstrong of Crystal River. It is located in the Fellowship cemetery, where the dedication ceremonies will take place. All Woodmen of the above named camps and any other members who can conveniently do so are requested to be present at these services.

A WOMAN'S ORDEAL

DREADS DOCTOR'S QUESTIONS

Thousands Write to Mrs. Pinkham, Lynn, Mass., and Receive Valuable Advice Absolutely Confidential and Free

There can be no more terrible ordeal to a delicate, sensitive, refined woman than to be obliged to answer certain questions in regard to her private ills, even when those questions are asked by her family physician, and many

continue to suffer rather than submit to examinations which so many physicians propose in order to intelligently treat the disease; and this is the reason why so many physicians fail to cure female disease.

This is also the reason why thousands upon thousands of women are corresponding with Mrs Pinkham, daughter-in-law of Lydia E. Pinkham, at Lynn, Mass. To her they can confide every detail of their illness, and from her great knowledge, obtained from years of experience in treating female ills, Mrs. Pinkham can advise sick women more wisely than the local physician.

Read how Mrs. Pinkham helped Mrs. T. C. Willadsen of Manning, Ia. She writes: Dear Mrs. Pinkham:

"I can truly say that you have saved my life, and I cannot express my gratitude in words. Before I wrote to you telling you how I felt, I had doctored for over two years steady, and spent lots of money in medicines besides, but it all failed to do me any good. I had female trouble and would daily have fainting spells, backache, bearing-down pains, and my monthly periods were very irregular and finally ceased. I wrote to you for your advice and received a letter full of instructions just what to do, and also commenced to take Lydia E. Pinkham's Vegetable Compound, and I have been restored to perfect health. Had it not been for you I would have been in my grave to-day."

Mountains of proof establish the fact that no medicine in the world equals Lydia E. Pinkham's Vegetable Compound for restoring women's health

Another Good Man Gone Wrong.

He neglected to take Foley's Kidney Cure at the first signs of kidney trouble, hoping it would wear away, and he was soon a victim of Bright's disease. There is danger in delay, but if Foley's Kidney Cure is taken at once the symptoms will disappear, the kidneys are strengthened and you are soon sound and well. A. R. Bass of Morgantown, Ind., had to get up ten or twelve times in the night, and had a severe backache and pains in the kidneys, and was cured by Foley's Kidney Cure. J. W. McCollum & Co.

Travel in Prairie "Schooner."

Chicago, Aug. 9.—That his invalid wife might regain her health and being warned against a hurried trip to the Pacific coast, H. J. Taylor, of Syracuse, is transporting his family and Charles Robertson, a brother-in-law, across the continent in a "prairie schooner." The start was made on May 6, and Tuesday the covered wagon arrived at South Chicago. Taylor, after feeding his team and buying provisions to last for several days, set out for the west last night. His wife already is improving in health.

Given Up to Die.

B. Spiegel, 1264 N. Virginia St., Evansville, Ind., writes: "For over five years I was troubled with kidney and bladder affections which caused me much pain and worry. I lost flesh and was all run-down, and a year ago had to abandon work entirely. I had three of the best physicians who did me no good and I was practically given up to die. Foley's Kidney Cure was recommended and the first bottle gave me great relief, and after taking the second bottle I was entirely cured." J. W. McCollum & Co.

AUGUSTAN LOST IN TYBEE SURF

John Shewmake Disappears, Leaving Clothes on Shore as Only Clew.

Savannah, Ga., Aug. 9.—Clothes, hat and shoes belonging to John T. Shewmake, contractor, of Augusta, were found on the beach at Tybee Island Tuesday afternoon, and it is thought that their owner must have perished in the ocean some time Sunday night. The body has not been recovered and no witnesses have been found who saw Shewmake enter the water.

The clothing was found by J. E. Baker and his daughter while walking along the beach. The clothes were wet, evidently having been placed there early Monday morning. It is thought they were left there Sunday night, and that Shewmake went in bathing in the moonlight. Shewmake registered at Hotel Tybee for supper Saturday night, but did not get a room at the hotel. There can be no doubt the clothing belonging to him, as his name appears upon papers.

Galveston's Sea Wall

Makes life now as safe in that city as on the higher uplands. E. W. Goodloe, who resides on Dutton St., in Waco, Tex., needs no sea wall for safety. He writes: "I have used Dr. King's New Discovery for Consumption the past five years and it keeps me well and safe. Before that time I had a cough which for years had been growing worse. Now it's gone." Cures chronic coughs, la grippe, croup, whooping cough and prevents pneumonia. Pleasant to take. Every bottle guaranteed at all drug stores. Price 50c and $1.00. Trial bottle free.

Investigate Ice Price.

New York, Aug. 9.—The investigation into the price of ice in this city was begun by District Attorney Jerome and the grand jury Wednesday it was reported among the first witnesses to be examined is Wesley M. Oler, president of the American Ice company.

UNHAPPINESS DISPELLED.

Men and Women Unanimous About It.

Many women weep and wail [illegible] to be comforted because their [illegible] magnificent tresses have become thin and faded. Many men incline to baldness because the flies bite through the thin thatch on their craniums. It will be good news to the miserable of both sexes to learn that Newbro's Herpicide has been placed upon the market. This is the new scalp germicide and antiseptic that acts by destroying the germ or microbe that is the underlying cause of all hair destruction. Herpicide is a new preparation, made after a new formula on an entirely new principle. Anyone who has tried it will testify as to its worth. Try it yourself and be convinced. Sold by leading druggists. Send 10c in stamps for sample to The Herpicide Co., Detroit, Mich.

MOB LEADER PLACED IN JAIL

Troops Patrol Salisbury's Streets to Prevent Demonstration.

Charlotte, N. C., Aug. 9.—Tuesday night three companies of the North Carolina National Guard, one command from Statesville, a company of infantry and a battery of artillery from Charlotte, surrounded the jail at Salisbury, while sentries with loaded guns and orders to shoot to kill, patrolled the four streets that flank the prison. There had been threats and rumors of threats all day and into the night but there was no demonstration. It is believed that the worst is over.

George Hall, the ex-convict from Montgomery county, who is supposed to have led the mob, which lynched the three alleged murderers of the Lyerly family, is in the jail.

The plan to rescue him from the clutches of the law, rumors of which caused Governor Glenn to hurry the troops to Salisbury, has not materialized.

The surviving negroes—Henry Lee, George Ervin and two women—are safe in the jail at Charlotte ,and there is no danger of violence to them

The special term of court which convened to try the vicitms of mob vengeance, acting under orders from the governor, will not adjourn until every effort to convict the leaders of the mob has been exhausted. The case is being worked up and many arrests are expected.

The governor is determined to push the matter to the bitter end. The cases against the surviving defendants, against whom true bills were found, were continued until the regular term, of Rowan court.

Gubernatorial Candidate Arrested

Columbia, S. C., Aug. 9.—A. C. Jones, candidate for governor, was arrested at the state campaign meeting at Chester by orders of Mayor Hardin, who was seated on the platform. Jones had made his speech along with the other candidates for governor. When J. Fraser Lyon, candidate for attorney general, was delivering his speech, Jones interrupted him with a question. Lyon replied with a question and then Jones demanded to be heard, but the chairman refused the demand. Jones persisted in being heard, whereupon his arrest was ordered, two policeman coming from the audience to make the arrest. After his arrest Jones quieted down, and the incident was closed. The case will not be pushed.

How to Avoid Appendicitis.

Most victims of appendicitis are those who are habitually constipated. Orino Laxative Fruit Syrup cures chronic constipation by stimulating the liver and bowels and restores the natural action of the bowels. Orino Laxative Fruit Syrup does not nauseate or gripe and is mild and pleasant to take. Refuse substitutes. J. W. McCollum & Co.

HANDS RAW WITH TERRIBLE ECZEMA

Suffered for Ten Years—Spreading to Body and Limbs Despite Efforts of Three Doctors—Another Remarkable and Speedy

CURE BY THE CUTICURA REMEDIES

"I had eczema on my hands for ten years. At first it would break out only in winter. Then it finally came to stay. I had three good doctors to do all they could, but none of them did any good. I then used one box of Cuticura Ointment and three bottles of Cuticura Resolvent and was completely cured. My hands were raw all over, inside and out, and the eczema was spreading all over my body and limbs. Before I had used one bottle of Cuticura Resolvent, together with the Ointment, my sores were nearly healed over, and by the time I had used the third bottle, I was entirely well. I had a good appetite and was fleshier than I ever was. To any one who has any skin or blood disease I would honestly advise them to get the Cuticura Remedies and get well quicker than all the doctors in the State can cure you." Mrs. M. E. Falin, May 19, 1905. Speers Ferry, Va.

CURED OF ITCHING HUMOR

"I have been troubled with a humor on the back of my neck and head for four or five years. It had an itching and burning sensation, and was a very uncomfortable feeling. I have used the Cuticura Soap, Ointment, and Resolvent Pills three months, and can say I am completely cured." Respectfully, Mrs. H. D. Ludlam, July 28, 1905. Ocean City, Md.

Cuticura Soap, Ointment, and Pills are sold throughout the world. Potter Drug & Chem. Corp., Sole Props., Boston. Mailed Free, "How to Cure for the Skin and Scalp."

Justice Refused the Writ.

Denver, August 9.—Justice George Bailey, of the state supreme court, has refused the writ sought by the Denver City Tramway company and the Denver Gas and Electric company to stay proceedings in the franchise election contest in the Denver county court. Sheriff Alexander Nisbett thereupon personally took possession of the ballot boxes which the city election committe had refused to surrender Tuesday night on the order of Judge Lindsey, and the hearing was resumed in the county court.

The End of the World

Of troubles that robbed E. H. Wolfe of Bear Grove, Ia., of all usefulness, came when he began taking Electric Bitters. He writes: "Two years ago kidney trouble caused me great suffering, which I would never have survived had I not taken Electric Bitters. They also cured me of general debility." Sure cure for all stomach, liver and kidney complaints, blood diseases, headache, dizziness and weakness or bodily decline. Price 50c. Guaranteed at all drug stores.

200 Switchmen Strike.

New Haven, Conn., Aug. 9.—Alleging that several of their number have been discharged without just cause by the New York, Newhaven and Hartford railroad, about 200 switchmen in the freight yards here went on strike Tuesday and resulted in a more or less tie-up in the freight business of the road.

London, Aug. 9.—Boniface Naltar, Lord Abbott of St. Marys, Buckfastleigh, Devonshire, and another prelate belonging to the abbey, were on board the wrecked steamer Sirio. As nothing has been heard of them, all hopes that they escaped have been give up.

A Mystery Solved.

"How to keep off periodic attacks of biliousness and habitual constipation was a mystery that Dr. King's New Life Pills solved for me," writes John N. Pleasant of Magnolia, Ind. The only pills that are guaranteed to give perfect satisfaction in everybody or money refunded. Only 25c at all drug stores.

Car Is Forced Through a Wall.

Eatonton, Ga., Aug. 9.—While a freight engineer on the Central railroad was backing a car up to the platform of the Middle Georgia cotton mills to be loaded, the engine, because of deranged air brakes, became unmanageable, and the entire car passed through the end of the wall of the mill, making a huge rent and damaging some shafting of the mill, causing a loss of three or four thousand dollars. The building was so badly cracked that the entire end wall may have to be torn out and replaced. The spur track leading to the mill is down a deep grade, hence the great damage.

Don't Be Blue

And lose all interest when help is within reach. Herbine will make that liver perform its duties properly. J. B. Vaughn, Elba, Ala., writes: "Being a constant sufferer from constipation and a disordered liver, I have found Herbine to be the best medicine, for those troubles, on the market. I have used it constantly. I believe it to be the best medicine of its kind, and I wish all sufferers from these troubles to know the good Herbine has done me." Sold by W. M. Johnson.

FOREST FIRE FIGHTERS.

Uncle Sam's Big Organization For the Protection of Trees.

The worst enemy of the forests is fire. To combat it the United States forest service maintains a fire fighting system.

Only since Feb. 1, 1905, have the reserves been under the administration of the forest service. The working out of a system of effective control of fire on the reserves is still in its infancy. Even with the best possible system of protection there are bound to be wide fluctuations between individual years. But it is believed that under expert care the injury to the national forests can be rapidly and permanently cut down. The direct loss from forest fires in the United States runs annually into many millions of dollars, while the indirect loss is beyond estimate.

In developing its system of protection the forest service availed itself of past experience, home and foreign. The reserve officers—forest guards, assistant forest rangers, deputy forest rangers, forest rangers, deputy forest supervisors and forest supervisors—are under the direct supervision of the office of the service at Washington, guided by a definite code of instructions, but large authority, with corresponding responsibility, is placed upon the local officers themselves. All except the forest guards are civil service employees, and the salaries paid range from $720 to $2,500 a year. Each supervisor is responsible for the patrol of his reserve and is expected to devise systems best suited to his locality. Already in the brief period since the organization of this system a high standard of efficiency has been developed, and a much higher is expected.

A constant lookout for fires is kept from ridge trails and commanding points during the danger season, and the reserves are patrolled as efficiently as possible with the force available. Roads, trails and fire lines are constructed, affording means of rapid communication and points of vantage from which to arrest the progress of a fire, and telephone lines are being run to help give warning and summon assistance.

Every forest supervisor is authorized, in person or through a subordinate, to hire temporary men, purchase material and supplies and pay for their transportation from place to place to extinguish a fire. When the cost is likely to exceed $300 the supervisor telegraphs the forester for authority to incur the additional expense.

During the calendar year of 1905 thirty-six of the ninety-three reserves escaped fires altogether. On the remaining fifty-seven, areas were burned over ranging from 1 to 79,083 acres in the northern division of the Sierra reserve) and amounting to 279,592 acres. The largest amount of timber was destroyed on the Lewis and Clark reserve (southern division)—42,893,000 board feet. The total for all reserves was 152,537,000 board feet, with a value of $101,282, but the greatest loss in money value was $27,320 on the Priest river reserve. The total cost of extra labor and supplies for fire fighting was $12,573.52.—Harper's Weekly.

The Finding of a Book.

Literary history is full of romances. Only the other day one came under my notice—a literary find—but I must not tell the story in full at present. It was a well known book of the Elizabethan age which some student of that remote period had purchased hot from the press, a thin quarto or folio. He had left it in the fireplace in the old manor and read till he was tired and then put the book on the stone ledge by his side, where it had been forgotten for generations, protected by the dust and by the warmth. The fireplace in due course got bricked up.

A modern stove had taken the place of the old one, and generation after generation were born, married and died in the old house, unconscious of the fact that a masterpiece of the Elizabethan age was buried in the stonework of the fireplace.

But the other day—400 years after an absentminded Elizabethan reader had thrust casually thrown it on one side—great structural alterations were made in this house, the new fireplace and the modern one were alike torn down, and the old book was unearthed, with soiled cover, it is true, but with pages inside as clean and sweet as if the ages of Good Queen Bess and those of King Edward came together instead of being separated by centuries.—London Sphere.

A Good Simile.

Ellison Capers, a bishop in South Carolina, described at a dinner in Columbia a graceful incident that had befallen him.

"I preached one day years ago in Burgaw," he said. "I liked my sermon rather well. An old colored cook at the house where I was staying told me after the service that she had liked the sermon too. She said she had found it improving.

"'What was it about?' said I.

"'Indeed, sir,' said the old woman, 'I can't remember.'

"'If you remember nothing of the sermon,' said I, 'how can it have improved you?'

"She pointed toward a great array of clean white linen spread on the lawn to dry.

"'Do you see that linen I have been washing and drying, sir?' she said.

"'Yes,' said I.

"'That linen is all the better for its washing, isn't it?'

"'Yes, of course.'

"'But not a drop of soap and water is left in it, is there? Well, sir, it is the same with me. Not a word of your good sermon stays in me, but I am all the better and cleaner for it for all that.'"—Philadelphia Bulletin.

THE S. J. THOMAS CO.

J. H. Granger has returned from Jacksonville, where he has been on a business trip.

For Rent—Eight-room house, Alachua avenue, East Gainesville, two blocks from school house. August Wenske.

B. F. Walton, a prominent attache of the Dutton Phosphate Company of Dutton, was transacting business in this city yesterday.

The fence encircling the handsome property of Col. H. F. Dutton is being improved in appearance by a liberal application of paint.

The residence belonging to Mrs. J. W. Cannon, East Magnolia street, is being materially improved by the addition of a new roof and siding. This is one of the neatest and most comfortable little cottages in the city.

DeWitt Hague, the clever son of Mr. and Mrs. W. C. Hague of Hague, was in the city on business yesterday. Notwithstanding that DeWitt is only a lad of fourteen or so, he is fortunately possessed of a great deal of judgment, and it often sent to Gainesville on important business.

READ THIS.

STEVENSON, Ala., June 6, 1901.

Dr. E. W. Hall, St. Louis: Dear Sir—I have been a great sufferer from bladder trouble for two years and my case was of a very severe nature, compelling me to have several painful and dangerous operations. I have also taken many different remedies. I took Swamp Root for three years and Warner's Safe Cure two years and they only gave temporary relief. After having two operations and preparing for the third, I saw your Texas Wonder advertised and purchased a bottle. I got almost immediate relief and have continued to improve ever since. My doctor said my bladder had grown together in three places, and I was suffering almost death. No man living can say more than I can for your Texas Wonder, and I call it a world's wonder, and I hope all who suffer will give it a trial. Wishing you success, I am Yours truly,

W. C. DANIEL.

A TEXAS WONDER.

One small bottle of the Texas Wonder, Hall's Great Discovery, cures all kidney and bladder troubles, removes gravel, cures diabetes, seminal emissions, weak and lame backs, rheumatism and all irregularities of the kidneys and bladder in both men and women, regulates bladder troubles in children. If not sold by your druggist, will be sent by mail on receipt of $1. One small bottle is two months' treatment and seldom fails to perfect a cure. Dr. Ernest W. Hall, sole manufacturer, P. O. box 620, St. Louis, Mo. Send for testimonials. Sold by J. W. McCollum & Co.

Clearing University Grounds.

Workmen are employed at the University grounds clearing away the brush and removing the stumps, by burning, of the experimental farm.

The buildings are progressing rapidly, and will be ready for the opening of the University, fall term, September 26. They are handsome buildings, and a credit to the educational interests of not only the State, but the South.

Information has been received in this city of the death of R. Dale Gilmore, which occurred at Bridgeford, N. J., on Tuesday. Deceased was known in this city, where he resided with his wife and baby for nearly a year. He was employed in the office of District Superintendent H. A. Ford of the Atlantic Coast Line, in the capacity of stenographer. Friends here will regret to learn of his death, and will extend sympathy to the wife and child.

At 3 p. m. on Aug. 11th we will offer to the highest bidder at public sale one-horse wagons, buggies, carriages, harness, and a lot of horses and mules. Not worn-out stuff, but good stock, and nearly new vehicles. After this sale we will run an exclusive sale stable, and about Aug. 20th will have on exhibition a car of fresh stock, also new buggies and harness. Terms cash or approved security. Hunter & Edwards, Gainesville, Fla. P. M. Oliver, Auctioneer.

A. H. Emerson and wife of Tacoma are spending the summer at Waynesville, N. C., and in a letter requesting The Sun sent him says: "We are pleasantly located at Dr. McFadyen's, one mile east of town, on top of a small mountain, with higher peaks east and west of us. We are seven miles from Balsam, the highest railroad point east of the Rockies, and will spend a week there before returning home. Major Thomas and family, including his mother, will join us here this week, and a great many other Florida people are also here. Blackberries, apples and peaches are just in, and vegetables are now in the heighth of season, but green corn has not yet appeared in market. Chickens are 'ripe' and frequently 'pulled.' Mrs. Watkins and Mrs. Emerson are improving in health, and Col. Barr and myself are getting fat."

DAVIS MISSES THE SUN.

Wants It Sent to Him at Bowling Green, Ky., for Few Weeks.

A letter from Henry Davis, Colorado Springs, Colo., requests that The Sun be sent to his address at Bowling Green, Ky., until September 1st.

Mr. Davis concludes his letter with this statement: "I just feel that I can't do without the dear old Sun any longer, as I want the news from home."

Mr. Davis, together with Louis C. Lynch, attended the Grand Lodge session of the Elks in Denver, making several side trips. He was accompanied by his mother, who will also go with him to Kentucky.

Mr. Davis enclosed with the letter a souvenir postal photograph of himself and "Lou" Lynch "seeing Manitou," which was indeed amusing. Mr. Lynch was seated in a wheelbarrow, which was propelled in the usual manner by his friend Henry.

Killed a Big Rattler.

J. T. Davis, a trucker of Rocky Point who has always been successful, was in the city Thursday and made The Sun an appreciative call.

Mr. Davis stated that on Wednesday he killed an immense rattlesnake on his farm, measuring five feet, eight inches, and possessing nine rattles and the customary button. He has saved the hide as a souvenir.

This was the first rattlesnake ever seen on the place of Mr. Davis.

County Medical Association.

The Alachua County Medical Association held its regular monthly meeting Wednesday evening, which was well attended. There was no business out of the regular routine, although many matters of interest and importance to the profession were discussed.
